**STATEMENT OF SUBSTANCE OF INTERVIEW**

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This Statement of Substance of Interview is being filed in response to the Office Communication dated September 12, 2007 issued by the United States Patent and Trademark Office in connection with the above-identified Application. A response to the September 12, 2007 Office Communication is due October 12, 2007. Accordingly, this Statement of Substance of Interview is being timely filed.

**The Telephone Interview**

Applicant wishes to thank the Examiner, Wilson Tsui, for granting and attending the telephone interview, with Applicants Representative, Caleb Pollack, Reg. No. 37,912 on August 20, 2007. Attending by telephone were also Amir Karby, the named inventor, and Joel Stein, Esq.

In the interview, Applicant's Representative described an embodiment of the invention wherein the builder generates a unified spreadsheet from spreadsheet blocks. Applicant's Representative distinguished this embodiment of the invention from the system described in the Khan and Purcell references by showing that nothing in such references describes generating a unified spreadsheet from spreadsheet blocks, where the relationship

between the two blocks as are to be assumed in such unified spread sheet is defined by a graph. Applicant's Representative pointed out that Kahn accepts a unified spread sheet and exchanges blocks with various users in accordance with relations defined in a graph. The invention in Kahn however does not contemplate generation of a unified spreadsheet from blocks whose relations are defined by a graph.

The examiner indicated that following such explanation, the differences between the subject Application and the description in Kahn were more clear, and that he would review the cited references again in such light.

Should the Examiner have any question or comment, the Examiner is requested to contact the undersigned at the telephone number below. Similarly, if there are any further issues yet to be resolved to advance the prosecution of this application to issue, the Examiner is requested to telephone the undersigned counsel.

Please charge any fees associated with this paper to deposit account No. 50-3355.

Respectfully submitted,
